

Just as its name implies, **FamilyCore understands that strong families, equipped with the tools and ties to succeed, are at the heart of any vibrant, tight-knit community.**

FamilyCore (previously known as Counseling & Family Services) employs over 80 individuals that work with schools, the court system and other social service agencies to connect counseling, intervention, preventative education and other support services with those who have a need.

FamilyCore takes a holistic approach in its continuum of care, often providing boosts of support to multiple generations. The end goal is to maintain the integrity of family, however it may be defined.

FamilyCore is grateful for the support it receives from numerous sources, including local United Way chapters, community businesses, charitable organizations, and generous individuals like you!
